

Car Compatibility

If you have a standard factory fitted stereo without an amplifier then you can purchase this car kit with the default addon option selected. ie. Radio Model: **[I have a Standard Radio without AMP]**

If however you have an amplified stereo system eg. **BOSE, Harmon Kardon, JBL, i-Drive, MMI** then you will need to select the appropriate Radio Model option. Please contact us to confirm which option you need to select – click the **(?) Ask Us about this item** button and fill out and submit our enquiry form.
