

DAS M44 MOST – Mpeg 2

DAS M44 MOST HD – Mpeg 4

DAS M44CI MOST HD – Mpeg 4

There are 3 variants of DAS systems that we sell.

1. **DAS M44 MOST – Mpeg 2** – This is a Mpeg 2 Fibre Optic variant predominantly used in countries where Mpeg 4 signal is not available such as UK.
2. **DAS M44 MOST HD – Mpeg 4** – This is a Mpeg 4 Fibre Optic variant, used in all Countries where Digital TV signal is free.
3. **DAS M44CI MOST HD – Mpeg 4** - This is a Mpeg 4 Fibre Optic variant, used in all Countries where Digital TV signal is NOT free. This unit has a PAY TV Card slot (PAY TV card or CAM is not supplied).

All of our units do not operate with Dolby Digital sound.
